Soap Craft

Layered Soap

hobby ideas™

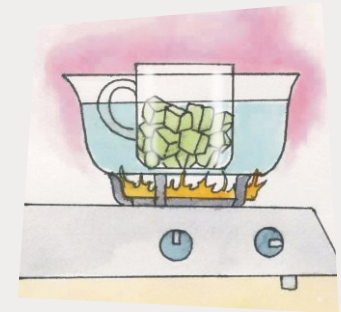

India's first craft and hobby store

INGREDIENTS

1. Clear Glycerin soap base
2. Soap mould
3. Soap colours Orange, Lavender, Green
4. Soap perfumes

INSTRUCTIONS

1. Cut the clear glycerin soap into small pieces and melt it in a microwave or double boil on the stove.
2. Add the colour and the perfume to the melted soap and stir to mix.
3. Pour the melted soap into the mould to fill the mould partially. Allow it to set.
4. Pour the second layer of melted clear glycerin soap over the first layer, leaving space in the mould for the top layer and allow the second layer also to set.
5. Melt clear glycerin soap base, add the colour and perfume and pour into the mould to the brim. Allow it to set completely.
6. Carefully remove the soap from the mould.
